Adaya's Gift of Hope Program Policy

SOSCare is proud to announce that we have partnered with Adaya's Gift of Hope in aiding children with disabilities and their families by providing equipment, financial resources, support, guidance, and the ability to better navigate the community regardless of their disability. We will provide all children with a disability the potential to maximize opportunities within the home, the community, and other public places by providing equipment, therapy, and resources to promote inclusion.

Adaya's Gift of Hope – What is Adaya's Gift of Hope?

Families often feel isolated, lonely, and exhausted. Our financial resources assist the individual in obtaining equipment, therapy, or resources that insurance does not cover. Our support gives the family a place to call and connect with other local families experiencing similar issues from a new injury or disability. When we answer the call for help, we will provide guidance as the family navigates through the system and help them understand their rights and assist in obtaining services.

Adaya's Closet – What is Adaya's Closet?

Adaya's Closet is a place to find and donate gently used equipment. Often there is an immediate need for equipment and the process to receive equipment through an insurance company can be lengthy. The equipment use can be temporary or permanent based on the circumstances.

Eligibility for Adaya's Gift of Hope

To be considered for financial assistance in order to obtain equipment, therapy or

other resources not covered by insurance, you will be required to complete our online application. Please visit our website at sosCareSC.org. You will also be required to submit a statement of request, no greater than 500 words along with the current year's or most recent tax return.
